

A note to our customers:

In light of what is happening with the COVID-19 virus, I want to ensure you that La Paloma Funeral Services is taking many precautionary steps to combat the virus including additional in-depth cleaning procedures after each arrangement or service. I have personally met with our custodians in regards to the methods and chemicals that are being utilized for the upkeep of our facilities to ensure that they are all anti-bacterial based. In many ways, we are already going above and beyond to protect our customers and employees and we will continue to do so.

I want our customers to know that, at this critical time, we are open for business. We are a vital part of the lifeblood of this community and we will continue to provide affordable Funeral and Cremation services to those in need. I also understand that some people may be uncomfortable with meeting face-to-face. We are happy to handle arrangements over the phone, through the use of technology or via mail.

If you would like to visit our website to see photos of our facilities please go to lapalomafuneralservices.com.
